

First Aid Policy

INTRODUCTION

Bairnsdale Secondary College recognises its responsibility for supporting the safety, participation, wellbeing and empowerment of children. Our College values of 'respect for self' and 'respect for others' provide a strong foundation for this policy.

AIM

The aim of this policy is to promote safety awareness and to ensure the College community understands our College's approach to first aid for students.

SCOPE

This policy applies to all people during College activities who may be affected by unexpected illness or injury whether on or off school premises, inside or outside of usual school hours. First aid for anaphylaxis and asthma are provided for in our school's Anaphylaxis Policy and Asthma Policy.

First aid for anaphylaxis and asthma are provided for in our school's Anaphylaxis Policy and Asthma Policy. This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

POLICY & IMPLEMENTATION

From time to time Bairnsdale Secondary College staff might need to administer first aid to students at school or school activities. Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The Principal will ensure that Bairnsdale Secondary College has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community. Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training. This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan.

First aid kits

The College has two designated first aid rooms (sickbays) in the Main Administration Buildings on McKean Street and Wallace Street campuses.

The College maintains several first aid kits that are stored in various locations throughout the College plus 11 portable first aid kits. Please refer to Appendix 1 for details. Main Adiministration Office staff are responsible for maintaining first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to First aid kits.

Care for ill students

Students who are unwell should not attend school. If a student becomes unwell during the school day they may be directed to the sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student. Our school follows the Department's policy and guidance in relation to our sick bay to ensure it is safe, hygienic and appropriately

equipped: First aid rooms and sick bays.

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Bairnsdale Secondary College will notify parents/carers by telephone.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Bairnsdale Secondary College will:
 - o record the incident on CASES21
 - o if first aid was administered in a medical emergency, report the incident to the Department's Security Services Unit on 03 9859 6266.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.
